Cisco CCNA Routing and Switching

There are several IT networking certifications on the market, and CompTIA Network+ and Cisco Certified Network Associate (CCNA) are two of the most popular. But this is not an apples-to-apples comparison. It goes beyond simple preferences. In fact, it's likely that many IT pros concentrating in infrastructure will end up with both certifications.

Cisco uses a point scaling system, on a scale of 300 to 1,000. Once you start the exam, you automatically have 300 points; as you answer questions correctly, your points increase. Of course, the fact that you do not know how questions are weighted means you should try your best to answer as many questions correctly as possible.
