### **Pfaff - hobbylock™ 799**

I have a Pfaff 796, and I bought it about 10 years ago....it was Okay, but I preferred using my Babylock, because the 796 was slower and needed to be fiddled with all the time, it was also at the dealer for repairs..... often. It is a good idea to question the vendor...especially on the age and use of the machine.
